

Registration

In order for a student to receive credit in a course, the student must be properly registered for that course in Banner Self Service. Also see Add a Course, Auditing a Course, Dropping a Course, and other related policies.

Blocks to registration: Further registration in courses may not be permitted until outstanding requirements are met. Examples of reasons for students' registrations being blocked are satisfying the College's academic, developmental, health and financial requirements.

It is a general College practice that when credit has been received for a course which requires a prerequisite, credit may not later be received for the prerequisite course or its equivalent, unless previously approved by the appropriate Associate Dean of Instruction.

Online Registration: Students can register for courses through MyCorning using Self-Service when registration opens each semester, as long as there are no holds on their account. Students can register on their own or meet with their assigned advisor to register when the open registration period begins. First-time, full-time students, students with pending developmental requirements, and those not in good academic standing are strongly encouraged to consult with an advisor before registering for courses. Student-initiated online registration will be blocked for courses requiring instructor consent and courses for which prerequisites have not been met.
