

Computer Science

Degree Type

Associate in Science

Type

Transfer

Division of STEAM

Associate Dean: Bradley Cole

Students in the Computer Science program are educated in the design and implementation of system software. The program provides the first two years of a baccalaureate computer science degree with transfer options that include scientific programming, systems programming, systems design, computer engineering, and other computer-related disciplines. Graduates of computer science programs commonly seek employment with computer manufacturers or software houses that specialize in system software.

Students in this program must meet 7 of the 10 SUNY Knowledge and Skills areas, 2 core competencies (Critical Thinking and Information Literacy), and have 30 SUNY General Education credits. Please note that of the 7 Knowledge and Skills areas, the following 4 are required: Communication-Written and Oral; Mathematics and Quantitative Reasoning; Natural Sciences and Scientific Reasoning; and Diversity, Equity, Inclusion, and Social Justice. For more information on the SUNY General Education requirements please see General Education Requirements.

This program is also offered through a distance education format. As defined by SUNY, Distance Education is an academic program that offers 50% or more of the course requirements in an online or distance format. To inquire about completing this program via distance education, please contact the Enrollment Advising Center (eacenter@corning-cc.edu).

Graduates will be able to:

- Demonstrate knowledge and understanding of essential facts, concepts, principles, and theories relating to computer science;
- Understand and demonstrate the structure of mathematics in its relation and application to computer science;
- Apply knowledge and skills to solve problems effectively and efficiently;
- Communicate effectively with a range of audiences;
- Understand the professional, ethical, security and social issues and responsibilities in computer science.

Program Requirements

Item #	Title	Credits
ENGL 1110	College Communication	3
ENGL 1020	College Composition II	3
	MATH 1413 or higher	8
	Laboratory Science Electives	3
	Social Sciences Elective	3
	Liberal Arts & Sciences Electives	6
	Humanities Elective	3
	Diversity, Equity, Inclusion, Social Justice (DEI/SJ) Course	3
CSCS 1200	Computer Essentials	4
CSCS 1240	Structured and Object-Oriented Problem Solving	3
CSCS 1320	C/C++ Programming	4
CSCS 1730	UNIX/Linux Fundamentals	4
CSCS 2320	Data Structures	3
CSCS 2330	Discrete Structures	3
CSCS 2650	Computer Organization	4
	Computer Science Electives	6
	Wellness (Activity or Awareness)	1
	Total Credits	64

Course Sequencing

First Semester

Intended as a guide for academic planning. It need not be followed exactly or completed in four semesters.

Item #	Title	Credits
ENGL 1110	College Communication	3
MATH 1413	Pre-Calculus	4
CSCS 1240	Structured and Object-Oriented Problem Solving	3
CSCS 1200	Computer Essentials	4
	Computer Science Elective	3

Second Semester

Item #	Title	Credits
ENGL 1020	College Composition II	3
MATH 1610	Calculus I	4
CSCS 1320	C/C++ Programming	4
CSCS 1730	UNIX/Linux Fundamentals	4

Third Semester

Item #	Title	Credits
CSCS 2320	Data Structures	3
CSCS 2330	Discrete Structures	3
	Humanities Elective	3
	Laboratory Science Elective	3
	Liberal Arts & Sciences Electives	6

Fourth Semester

Item #	Title	Credits
CSCS 2650	Computer Organization	4
	Computer Science Elective	3
	Diversity, Equity, Inclusion, Social Justice (DEI/SJ) Course	3
	Laboratory Science Elective	3
	Social Sciences Elective	3
	Wellness	2

Footnotes

1. Electives: Select to fulfill requirements of transfer college. If using PHYS for laboratory science elective, select PHYS 1010 or higher
 2. Computer Science Electives: Select from CSCS, CSIT, CSNT, CSNS, or CSWT. Select to fulfill requirements of transfer college.
 3. Mathematics: A transfer college will typically require Calculus II or higher levels of math for Computer Science. Select to fulfill requirements of transfer college.
 4. Diversity, Equity, Inclusion, Social Justice (DEI/SJ) Course: See General Education Requirements for courses that meet this requirement.
 5. Liberal Arts & Sciences Elective: Should be chosen from The Arts, US History & Civic Engagement, World History & Global Awareness, or World Languages. For a list of courses, see General Education Requirements.
 6. ENGL 1110: Students may take ENGL 1010 and SPCH 1080 in place of ENGL 1110.
 7. Program Elective: CSNT 1200 recommended.
- * Based on placement, students might be required to take developmental and/or prerequisite classes before taking the required English and Math courses.
- * Students in this program who plan to transfer to a SUNY college can meet 7 of the 10 SUNY Knowledge and Skills areas and 30 SUNY General Education credits. For more information on SUNY General Education requirements, refer to the catalog index or see an advisor.
- * Since programs at transfer colleges vary greatly, it is essential that students meet early with their advisor in order to select appropriate electives.
- * High school or equivalent preparation required: biology, chemistry or physics and four years of mathematics, including algebra, geometry or intermediate algebra, trigonometry, and pre-calculus. Students who don't have this preparation will be able to get it here, but it may take longer to complete the program.
